If you need an Arab to tell you that you are anti-Semitic, then you need to do
some serious soul searching.

Firstly: Having been to Israel and the West Bank multiple times I can tell you this:
Every Palestinian in the West Bank does not hold Israel to blame for their plight...

They blame The Arabs. Their leaders, the Arab diaspora, the clueless Europeans
who keep paying their wages. If you did an honest straw poll, about 90% would
give their last wife/goat to live in Israel. To them, Israeli Arabs are Kings on Earth.
And mostly..

They know in their heart of hearts that if it wasn't for Israel, their would be no
'Palestinian state'. Most have no loyalty beyond their 1/tribe, 2/family. The REAL
conflict is Fatah/Hamas. It's hard to understand but it has become tribal, and
unbreakable, and everybody knows..

They blame The Arabs. Their leaders, the Arab diaspora, the clueless Europeans
who keep paying their wages. If you did an honest straw poll, about 90% would
give their last wife/goat to live in Israel. To them, Israeli Arabs are Kings on Earth.
And mostly..

They know in their heart of hearts that if it wasn't for Israel, their would be no
'Palestinian state'. Most have no loyalty beyond their 1/tribe, 2/family. The REAL
conflict is Fatah/Hamas. It's hard to understand but it has become tribal, and
unbreakable, and everybody knows..

If you need an Arab to tell you that you are anti-Semitic, then you need to do
some serious soul searching.

Firstly: Having been to Israel and the West Bank multiple times I can tell you this:
Every Palestinian in the West Bank does not hold Israel to blame for their plight...
